

Get care from anywhere

Virtual visits on LiveHealth Online are an included benefit for Anthem medical plan members

Get the care you need, virtually.

Looking for a quick and easy way to get care? With LiveHealth Online, you can access telehealth visits from anywhere. All you need is a smartphone, tablet, or computer!

Care options available to you through LiveHealth Online:

Annual Wellness. Visits with primary care providers who can help with preventative screenings, chronic health concerns, follow-up care, and referrals for lab work and specialists as clinically appropriate.

Primary Care. Get regular health visits and checkups with virtual primary care. It's like an office visit with a primary care provider (PCP) — without the office. You can even choose to see a network PCP regularly, so you have the same provider taking care of you over time.

Urgent Care. Get care 24/7 for common health issues, including allergies, COVID-19 symptoms, the flu, sinus infections, and UTIs. Physicians assess your symptoms, provide a treatment plan, and send prescriptions to the pharmacy of your choice when needed.

Therapy and Psychiatry. See a therapist online from the comfort of your couch to get help for anxiety, depression, panic attacks, stress relief, and more. Psychiatrists are also available by appointment and can prescribe medication when talk therapy isn't enough.

Dermatology. Get a treatment plan from a board-certified dermatologist. Receive a diagnosis in under 72 hours. No appointment needed. Just upload pictures of your skin, hair, or nail concern.

Breastfeeding support. Have an online appointment with a lactation consultant who can provide help with common breastfeeding issues.
